

# Playing for Keeps

At MacNeil, customers are our partners in success for life. In fact, our mantra of 'once a MacNeil customer, always a MacNeil customer' is testament to the exceptional support from our winning team of 45+ distributors.

With a network of the most qualified and experienced distributors in the industry, it's no surprise that MacNeil customers are among an elite group who run the most profitable and reliable car wash systems in North America.

Backed by extensive and ongoing factory training, our distributors serve a cross-section of companies, from independent operators and petroleum companies to automotive, dealer and fleet markets. Their technical, business and operational guidance enables car wash operators to go the distance and achieve results that place them miles ahead of the competition.

## The Go-to Guys

Established in 1982, MacNeil Wash Systems is an ISO 9001:2000 certified manufacturer. The company designs and manufactures quality car wash systems for the tunnel car wash industry and for the automotive dealer, fleet and rental markets. With a commitment to research and development that is unmatched in the industry, it is clear to see why MacNeil products are engineered to deliver superior cleaning performance, minimize maintenance, cut costs, increase throughput, and maximize revenue.

Join hundreds of other fans that have signed up for the MacNeil team. With MacNeil as your draft pick, you'll quickly discover how a network of more than 45 distributors and MacNeil's service excellence commitment can put you in the lead for life.

on MacNeil

**Killer  
instinct**

## Bragging Rights

Quality engineering is a hallmark of MacNeil. Our equipment designs are the culmination of years of research and development, and extensive time studying car wash environments and understanding operator needs.

We deliver tunnel systems that work without compromise, are guaranteed to last, and will simplify your car wash business. Quality components maximize performance and safety and ensure customer satisfaction. Superior design means our systems clean any vehicle surface and shape with ease. And our standard Pro-Coat powder coat finish and stainless steel hardware and bearings minimize maintenance and stand the test of time.

Quite simply, we mastered the science of creating reliable car wash systems that not only look great but also continue to outperform year after year in every tunnel application.

## Get in the Game

Quality engineering and superior design are only part of our game plan. At MacNeil, we offer a turnkey solution that will get you up and running quickly and on a path to profitability in no time at all.

### **World-class Lineup**

Our team of highly qualified distributors are certified to sell, install and support your MacNeil car wash system. They also offer a wide range of services that include feasibility studies, site planning and layout design, business plan consulting, marketing and training support, preventative maintenance, and ongoing collaboration to ensure your business thrives.

### **Dogged Determination**

With service backed by our own stellar group of systems engineers, regional sales managers and support staff, we are focused on delivering a simple yet profitable car wash experience that contributes to your long-term success.
