

## GET IT ALL. FROM START TO FINISH.

From plan design right through to customer line, MacNeil sets the gold standard in the car wash industry. With our elite solution and impeccable service, expect your car wash experience to be easy and profitable.

### Site Layout and Design

We work with you from the ground up and every step along the way to optimize your site, increase visibility, streamline the flow of traffic and ensure you get the best performance and value from your tunnel.

### Equipment Options

We raise the bar with proven solutions that are engineered for high performance, require minimal labor and deliver unbeatable results year after year.

### Operational Support

Expect nothing less than the best from our world-class team of distributors who are certified to install our equipment and provide hands-on maintenance and training, as and when you need it.

### Differentiating Your Wash

Set your sights higher with MacNeil. Our equipment looks better, performs better and lasts longer than any other system available today. Plus, our value added products will set you apart from the pack and deliver gleaming results.

Get the Gold Standard. Get MacNeil.
