

# MAGNUM WHEEL BLASTER

*Get Clean Wheels & Wheel Wells Too!*

## Featuring:

- > The best high-pressure cleaning and rinsing in the industry
- > Anti-siphon valve for instant starts and no wasted water
- > "O" ring manifold ports for leak-free construction
- > Single high-pressure inline filter for easy maintenance
- > Heavy walled aluminum high-pressure tubing
- > Renowned MacNeil quality construction

6 high-pressure rotary turbo nozzles

Pivoting action for increased dwell time

Unique MacNeil ball swivels for infinite nozzle adjustment

Get Blasted. Get Magnum. Get MacNeil.

# MAGNUM WHEEL BLASTER

## > THE MACNEIL ADVANTAGE

- Innovatively designed and engineered product
- New technology aggressively cleans alloy rims, tires and wheel wells
- Sends brake dust packing with an effective, automated solution
- Attacks running board buildup from all angles
- Combats brake dust without costly manual labor
- Makes wheel cleaning a profit center
- Gives customers the clean wheels they are demanding

## > FEATURES

- High-pressure rotary turbo nozzle cleaning technology
- Unique MacNeil ball swivels for infinite nozzle adjustment
- "O" ring straight thread port connections
- Heavy-duty sealed ball bearing pivot
- Anodized black mounting post/manifold
- Aluminum and brass construction
- Stainless steel base and hardware
- Minimal space requirements

## > MODELS

- WB600FF 6-nozzle manifold with pivoting action for increased dwell time
- WB600 6-nozzle fixed manifold
- WB300 3-nozzle fixed manifold

## > TECHNICAL DATA

### Water

- 21.5 GPM (82 LPM) for 6-nozzle unit
- 8 GPM (30 LPM) for 3-nozzle unit
- For 6 and 3-nozzle units:
  - 800 PSI (55 BAR) pressure
  - 3/4" supply line

### Pneumatics

(for optional Following Feature only)

- 1/4" (6mm) supply line
- Consumption - 1/2 CFM (14.16 LPM) nominal

### Electrical

(for optional Following Feature only)

- 24 VAC, 1.8 A (Air Control Panel)
