

FOR IMMEDIATE RELEASE

**MACNEIL INTRODUCES THE NEW IN-BAY EXPRESS WASH CONVERSION
Re-engineered to fit your space and boost your profits**

Barrie, Ontario, Canada – October 1, 2011 – MacNeil Wash Systems is pleased to introduce the new *In-Bay Express Wash Conversion*: the latest in re-engineered products and solutions by MacNeil designed specifically to offer superior quality and performance advantages with quicker, simpler installation – at a new, lower cost.

Anthony Antonis, VP of Sales and Marketing at MacNeil says, “Making the switch to a profitable mini-tunnel has never been easier. If you’ve got 35 feet and a slow, underperforming in-bay automatic we can transform it into a fast-moving, reliable, high-performance in-bay express wash. Our conversion can potentially triple your throughput and provide even more profits with our unique wheel and tire add-ons.”

The new *In-Bay Express Wash Conversion* fits a 35ft x 15ft space and provides an easy to install, affordable profit-boosting mini-tunnel. The core package includes MacNeil’s Tech 21 Dryer and Power Locks for safe, thorough and superior drying capability while reducing energy costs. The dynamic duo Wrap-around Top Brush Combo excels in cleaning hard to reach areas. Fully electric, the *In-Bay Automatic Wash Conversion* delivers a safe, quiet operation with a superior cleaning outcome.

About MacNeil Wash Systems

For close to 30 years MacNeil Wash Systems has provided superior carwash equipment to the tunnel car wash industry, automotive dealers, fleet and rental markets. Our turnkey systems, profit-boosting add-ons and cost-effective retrofits have been the envy of the industry, delivering a consistently superior clean with lower maintenance, higher throughput and greater revenue opportunity. Today, MacNeil equipment is more affordable than ever. Put us to the test.

Everyone wants a MacNeil – now everyone can have one
