

*The Best in Automatic Car Wash Systems*

**FOR IMMEDIATE RELEASE**

**MACNEIL AWARDED U.S. PATENT FOR MAGNUM PUMPING STATION**

**Barrie, Ontario, Canada – January 12, 2012**– MacNeil Wash Systems is proud to have been awarded U.S. Patent No. 7,927,081 B2 for their **Magnum Pumping Stations**, part of MacNeil's Magnum Series of high-pressure equipment. The **Magnum Pumping Station** is available in three models (M1000 -7.5HP/8GPM, M2000 - 15HP/20GPM, M3500 - 25HP/35GPM), and incorporates several advanced features for product longevity, reduced maintenance and operator convenience.

**Magnum Pumping Stations** feature *Isolastic Suspension*, which prohibits damaging vibrations and reduces back room noise. The space saving, state-of-the-art design includes a heavy-duty drive belt with a laser straight belt tensioning system, and an all-plastic, corrosive-proof float valve. All Magnum Series products provide the best cleaning and most efficient high-pressure products.

**About MacNeil Wash Systems**

For close to 30 years MacNeil Wash Systems has provided superior carwash equipment to the tunnel car wash industry, automotive dealers, fleet and rental markets. Our turnkey systems, profit-boosting add-ons and cost-effective retrofits have been the envy of the industry, delivering a consistently superior clean with lower maintenance, higher throughput and greater revenue opportunity. Today, MacNeil equipment is more affordable than ever. Put us to the test.

**Everyone wants a MacNeil – now everyone can have one.**
