

For Immediate Release

MACNEIL REDESIGNS SIDE WASHERS –

“THE BEST JUST GOT BETTER”

Barrie, Ontario, Canada – April 12, 2011 – MacNeil Wash Systems has announced plans to introduce their newly designed RS400 and RS301 side washers at the ICA convention in Las Vegas. The new RS series of side washers are designed for improved performance and greater durability at a new, lower price.

“The best just got better”, stated Vince MacNeil, Vice President of MacNeil Wash Systems, about the redesigned brush series. “Our new design came from our customers needs; energy efficiency, superior cleaning capability, unmatched reliability and lower pricing. It’s tough times for car wash operators, and MacNeil is committed to developing the highest quality carwash equipment at the most competitive price.”

The new RS400 and RS301 side washers are offered in a wide range of different brush heights, available in hydraulic or electric drive, and feature MacNeil’s “Color Choice” Pro Coat surface with their exclusive Envirosoft cleaning material. MacNeil will launch the newly designed side washer series at the ICA show being held in Las Vegas, May 2-4. To view the new, innovative design visit MacNeil at booth #1425.

MacNeil Wash Systems is one of the world’s premier manufacturers of conveyor car wash systems, with dealer representation in over 20 countries worldwide. The company designs and manufactures high-performance car wash systems for the tunnel car wash industry and for the automotive dealer, fleet and rental markets. MacNeil Car Wash Systems integrates best-in-industry performance and operation standards for high ROI, superior customer satisfaction, and minimal maintenance.
