

The Best in Automatic Car Wash Systems

FOR IMMEDIATE RELEASE

MACNEIL INTRODUCES THE NEW WHEEL BOSS WHEEL CLEANING SYSTEM

New design. New lower cost.

Barrie, Ontario, Canada – Sept 1, 2011 – MacNeil Wash Systems is pleased to introduce the all-new *Wheel Boss*. The new *Wheel Boss* is a next-generation wheel cleaning system re-designed for better cleaning and profit-boosting at a new lower cost.

“Operators are always looking for ways to further boost their profit centers,” says Anthony Antonis, VP of Sales and Marketing at MacNeil. “Our top-performing *Wheel Boss* eliminates time-consuming manual prep and costly maintenance. Now with a 23% lower retail cost, every operator can deliver great looking wheels and tires with their full service wash.”

Designed for both tunnel and in-bay automatic car washes, the new *Wheel Boss* features the uniquely-designed Envirosoft® foam brush that gets down deep to clean wheels and tires thoroughly *and* safely. Equipped with MacNeil’s own Quiet Drive Technology, the *Wheel Boss* is easy to install and reduces operational costs. A convenient leveling system makes installation and height adjustment effortless. Available with a corrosion-resistant Pro-Coat finish in a variety of colors.

About MacNeil Wash Systems

MacNeil Wash Systems is a premier manufacturer of conveyor car washes with dealer representation in over 20 countries worldwide. The company designs and manufactures quality car wash systems for the tunnel car wash industry and for the automotive dealer, fleet and rental markets. MacNeil car wash equipment delivers high quality, easy to install and trouble-free equipment solutions for increased throughput, superior cleaning performance and the highest possible profit potential.
