

RS-1000 EVOLUTION TOP BRUSH

TACKLES TOUGH TO CLEAN AREAS

This simple piece of equipment outperforms any mitter, and cleans problem areas such as windshield eyebrows, front grills and upper rear windows. Space saving single-leg design allows for the installation of two counter-rotating brushes for double the cleaning power.

Gentler and Quieter than Mitters

- Maintains an equal, gentle pressure that is safe on vehicle surfaces such as antennas, grills, wipers, bug shields and spoilers
- Advanced vehicle sensing available for safe pick-up bed retraction, eliminating the possibility of flying debris damage
- Attractive single-leg design creates an open, bright tunnel
- Ideal for both retrofits and new installs, with quick and easy installation for minimal downtime

WHY CHOOSE RS-1000?

Now available with the Evolution Top Reach Foaming Manifold

- Creates a dramatic foam show
- Ideal for retrofits or new installations
