

Naren Persaud Re-Joins MacNeil Team as Customer Service & Inside Sales Manager

Barrie, Ontario, Canada—April 24, 2017— MacNeil Wash Systems, a National Car Wash Solutions Company and leading supplier to the tunnel car wash industry, has named Naren Persaud as its new Customer Service and Inside Sales Manager. In this new role for the company, Naren will be responsible for guiding customer service, inside sales and order processing, working closely with the 48 members of MacNeil's international distributor network and four North American sales managers to process and track customer orders.

“Naren comes to MacNeil with a tremendous amount of organizational experience and technical expertise to deliver best-in-class customer care,” said Jeff Tulk, Plant Operations Manager for MacNeil Wash Systems. “This is a key role in the partnership we have with our distributors and owner-operators and I’m looking forward to having Naren lead significant growth on our key objectives in this area”.

Naren has worked with MacNeil in the past in a very similar role and has decided to return with the departure of the current incumbent, Tara Favretto “Tara has brought tremendous positive changes to the customer service and inside sales department and she will certainly be missed. However, having someone with Naren’s experience to step in and take over the position will certainly make for a very smooth transition over the next few weeks”.
