INCLUDES THE

FX EXPERIENCE

Our exclusive line of CleanTouch FX Arches will make your car wash unlike any other. The illuminated arches have a unique design to showcase the FX experience and carry it throughout the tunnel, "WOWING" your customers.

Custom Grand Entry Arch Included!

Give your customers the ultimate foam show

Lather the vehicle in a luscious low pH tri-color foam

Polish to perfection in a fiery wax

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

"...choose an equipment manufacturer you can trust. For me, it was MacNeil and I've never been disappointed!"

Larry Nelson, Blue Cow Carwash, WA

MacNeil Difference

Built to run faster, longer and safer

- Lower cost of ownership
- Fewer breakdowns means less downtime and lower repair costs
- Superior engineering with heavy duty construction
- Rigorously tested components perform consistently
- Incomparable durability and ease of maintenance

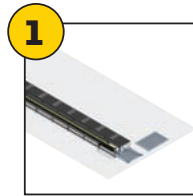

Also Available

Marketing Packages

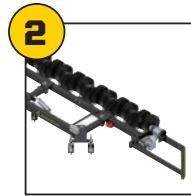

Vacuum Systems

1 XR-1000 Conveyor

- Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- Open design lets dirt and debris pass through to extend roller life
- 30+ year proven safety & service record.

2 WHEEL BOSS

- Patented cam style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- Available with foam or bristle brush

3 RS-1000 TOP BRUSH

- Cleans tough areas like roof racks & rear spoilers
- Gentle on antennas, grills and wipers
- Also available with Evolution Top Reach foaming applicator

4 9 NOZZLE WHEEL BLASTER

- High pressure turbo nozzles blast away grime in hard to reach wheel wells
- Following-feature pivot action increases dwell time
- Saves space

5 RS-400 LOW SIDE WASHER 22"

- Also available in 30" & 45" heights to accommodate every configuration
- Individually controlled side-cleaning pressure

6 RS-701 WRAP AROUND BRUSH

- 6" overlap & double pass on rear of vehicles
- Exceptional cleaning
- leaves no rear 'skunk stripe'
- Performs at the highest of line speeds

7 RS-301 HIGH SIDE WASHER

- Thoroughly cleans the sides of larger vehicles such as vans, SUV's & pick-ups
- Motor-down design saves space

8 HP MAGNUM FORCE ARCH

- Provides complete rinsing with less water
- Oscillating action flips side-to-side & up-and-down to hit all surfaces multiple times
- Available with 3, 5 or 6 spray heads

9 POWERLOCKS

- Reduces energy consumption by up to 30%
- Engages to delay or eliminate drying pick-up beds or soft tops

10 GLOSS BOSS TIRE SHINER

- The best tire shiner in the industry with the longest life
- Precise application uses the lowest amount of tire shine and reduces messy sling
- Feather tipped brush never over-saturates

11 TECH 21 DRYING SYSTEM

- Laser focused column of air maximizes flow pattern
- Multiple nozzle offerings hit every inch of the vehicle surface
- Stainless steel reinforced housings for greater safety and less noise

12 SIDE FINISHING DRYERS

- Body-hugging side dryers evaporate water beads from surface
- Adjustable plenums concentrate air for rapid speed
- Compact design saves space
