### INCLUDES THE

## FX EXPERIENCE

Our exclusive line of CleanTouch FX Arches will make your car wash unlike any other. The illuminated arches have a unique design to showcase the FX experience and carry it throughout the tunnel, "WOWING" your customers.

**Custom Grand Entry Arch Included!**

Give your customers the ultimate foam show

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

"Customers come to my wash because we clean cars better than any tunnel in town. There's a night-and-day difference between the clean the MacNeil produces versus the clean they're getting at competitors with lesser-quality equipment."

**Brent Garrett, Xtreme Clean Auto Spa, GA**

## MacNeil Difference

*Built to run faster, longer and safer*

- Lower cost of ownership
- Fewer breakdowns means less downtime and lower repair costs
- Superior engineering with heavy duty construction
- Rigorously tested components perform consistently
- Incomparable durability and ease of maintenance

## Also Available

Marketing Packages

Vacuum Systems

### 1 XR-1000 Conveyor

- Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- Open design lets dirt and debris pass through to extend roller life
- 30+ year proven safety & service record.

### 2 WHEEL RITE TIRE FOAMER

- Chemical tire applicator has easy access for cleaning and maintaining, provides improved foaming & superior show
- Heavy-duty cover

### 3 WHEEL BOSS

- Patented cam style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- Available with foam or bristle brush

### 4 Z Frame

- Packs more cleaning power in less space
- Low cleaning pressures ensure safe performance

### 5 3 NOZZLE WHEEL BLASTER

- High pressure turbo nozzles blast away grime in hard to reach wheel wells
- Following-feature pivot action increases dwell time
- Saves space

### 6 GLOSS BOSS TIRE SHINER

- The best tire shiner in the industry with the longest life
- Precise application uses the lowest amount of tire shine and reduces messy sling
- Feather tipped brush never over-saturates

### 7 TECH 21 DRYING SYSTEM

- Laser focused column of air maximizes flow pattern
- Multiple nozzle offerings hit every inch of the vehicle surface
- Stainless steel reinforced housings for greater safety and less noise

### 8 POWERLOCKS

- Reduces energy consumption by up to 30%
- Engages to delay or eliminate drying pick-up beds or soft tops
