### INCLUDES THE

## FX EXPERIENCE

Our exclusive line of CleanTouch FX Arches will make your car wash unlike any other. The illuminated arches have a unique design to showcase the FX experience and carry it throughout the tunnel, "WOWING" your customers.

**Custom Grand Entry Arch Included!**

Give your customers the ultimate foam show

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

"You guys that are out there that are doing 800, 1,000, 1,500 cars a day, listen, you need good equipment, you need quality equipment, you need equipment that can run to do 125-150, or 200 cars an hour. You need that type of equipment. MacNeil will give you that type of equipment."

**Victor Thomas, Hamilton Honda, NJ**

## MacNeil Difference

*Built to run faster, longer and safer*

- Lower cost of ownership
- Fewer breakdowns means less downtime and lower repair costs
- Superior engineering with heavy duty construction
- Rigorously tested components perform consistently
- Incomparable durability and ease of maintenance

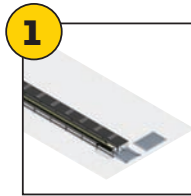

## Also Available

Marketing Packages

Vacuum Systems

1

### XR-1000 Conveyor

- Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- Open design lets dirt and debris pass through to extend roller life
- 30+ year proven safety & service record.

2

### WHEEL RITE TIRE FOAMER

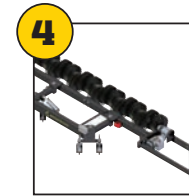

- Chemical tire applicator has easy access for cleaning and maintaining, provides improved foaming & superior show
- Heavy-duty cover

3

### RS-1000 TOP BRUSH

- Cleans tough areas like roof racks & rear spoilers
- Gentle on antennas, grills and wipers
- Quieter with better cleaning ability than mitters
- Single-leg design saves space

4

### WHEEL BOSS

- Patented cam style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- Available with foam or bristle brush

5

### RS-400 LOW SIDE WASHER 30"

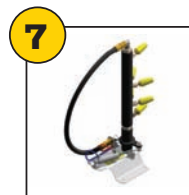

- Also available in 22" & 45" heights to accommodate every configuration
- Individually controlled side-cleaning pressure

6

### RS-701 WRAP AROUND BRUSH

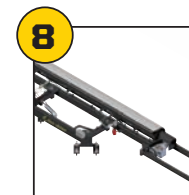

- 6" overlap & double pass on rear of vehicles
- Exceptional cleaning
- leaves no rear 'skunk stripe'
- Performs at the highest of line speeds

7

### 6 NOZZLE WHEEL BLASTER

- High pressure turbo nozzles blast away grime in hard to reach wheel wells
- Following-feature pivot action increases dwell time
- Saves space

8

### GLOSS BOSS TIRE SHINER

- The best tire shiner in the industry with the longest life
- Precise application uses the lowest amount of tire shine and reduces messy sling
- Feather tipped brush never over-saturates

9

### POWERLOCKS

- Reduces energy consumption by up to 30%
- Engages to delay or eliminate drying pick-up beds or soft tops

10

### TECH 21 DRYING SYSTEM

- Laser focused column of air maximizes flow pattern
- Multiple nozzle offerings hit every inch of the vehicle surface
- Stainless steel reinforced housings for greater safety and less noise
