## FX EXPERIENCE

Our exclusive line of CleanTouch FX Arches will make your car wash unlike any other. The illuminated arches have a unique design to showcase the FX experience and carry it throughout the tunnel, "WOWING" your customers.

**Custom Grand Entry Arch Included!**

Give your customers the ultimate foam show

Lather the vehicle in a luscious low pH tri-color foam

Polish to perfection in a fiery wax

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

"MacNeil has helped us solidify our uptime goal of keeping the business running day in and day out!"

Greg Schneider, Waves Car Wash, AL

## MacNeil Difference

*Built to run faster, longer and safer*

- Lower cost of ownership
- Fewer breakdowns means less downtime and lower repair costs
- Superior engineering with heavy duty construction
- Rigorously tested components perform consistently
- Incomparable durability and ease of maintenance

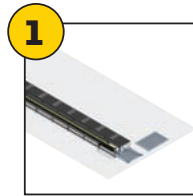

## Also Available

Marketing Packages

Vacuum Systems

1

### XR-1000 Conveyor

- Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- Open design lets dirt and debris pass through to extend roller life
- 30+ year proven safety & service record.

2

### WHEEL RITE TIRE FOAMER

- Chemical tire applicator has easy access for cleaning and maintaining, provides improved foaming & superior show
- Heavy-duty cover

3

### RS-1000 TOP BRUSH

- Cleans tough areas like roof racks & rear spoilers
- Gentle on antennas, grills and wipers
- Quieter with better cleaning ability than mitters
- Single-leg design saves space

4

### WHEEL BOSS

- Patented cam style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- Available with foam or bristle brush

5

### 9 NOZZLE WHEEL BLASTER

- High pressure turbo nozzles blast away grime in hard to reach wheel wells
- Following-feature pivot action increases dwell time
- Saves space

6

### RS-400 LOW SIDE WASHER 45"

- Also available in 22" & 30" heights to accommodate every configuration
- Individually controlled side-cleaning pressure

7

### RS-701 WRAP AROUND BRUSH

- 6" overlap & double pass on rear of vehicles
- Exceptional cleaning
- leaves no rear 'skunk stripe'
- Performs at the highest of line speeds

8

### RS-400 LOW SIDE WASHER 22"

- Also available in 30" & 45" heights to accommodate every configuration
- Individually controlled side-cleaning pressure

9

### RS-1000 TOP BRUSH WITH EVOLUTION TOP REACH

- Cleans tough areas like roof racks & rear spoilers
- Gentle on antennas, grills and wipers
- Dramatic top foaming application

10

### GLOSS BOSS TIRE SHINER

- The best tire shiner in the industry with the longest life
- Precise application uses the lowest amount of tire shine and reduces messy sling
- Feather tipped brush never over-saturates

11

### TECH 21 DRYING SYSTEM

- Laser focused column of air maximizes flow pattern
- Multiple nozzle offerings hit every inch of the vehicle surface
- Stainless steel reinforced housings for greater safety and less noise

12

### SIDE FINISHING DRYERS

- Body-hugging side dryers evaporate water beads from surface
- Adjustable plenums concentrate air for rapid speed
- Compact design saves space
