INCLUDES THE ULTIMATE

FX experience

Our exclusive line of CleanTouch FX Arches will make your car wash unlike any other. The illuminated arches have a unique design to showcase the FX experience and carry it throughout the tunnel, "WOWING" your customers.

Custom Grand Entry Arch Included!

Give your customers the ultimate foam show

Defend vehicle's surface from the outside elements

Dissipates water immediately, leaving a clean, shiny surface

"You guys that are out there that are doing 800, 1,000, 1,500 cars a day, listen, you need good equipment, you need quality equipment, you need equipment that can run to do 125-150, or 200 cars an hour. You need that type of equipment. MacNeil will give you that type of equipment."

Victor Thomas, Hamilton Honda, NJ

MacNeil Difference

Built to run faster, longer and safer

- Lower cost of ownership
- Fewer breakdowns means less downtime and lower repair costs
- Superior engineering with heavy duty construction
- Rigorously tested components perform consistently
- Incomparable durability and ease of maintenance

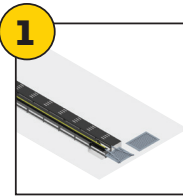

Also Available

Marketing Packages

Vacuum Systems

XR-1000 Conveyor

- Heavy duty 1/2" steel constructed top deck is tougher and lasts longer
- Open design lets dirt and debris pass through to extend roller life
- 30+ year proven safety & service record.

WHEEL RITE TIRE FOAMER

- Chemical tire applicator has easy access for cleaning and maintaining, provides improved foaming & superior show
- Heavy-duty cover

RS-1000 TOP BRUSH

- Cleans tough areas like roof racks & rear spoilers
- Gentle on antennas, grills and wipers
- Quieter with better cleaning ability than mitters
- Single-leg design saves space

WHEEL BOSS

- Patented cam style brush cleans deep into the wheel and rims and eliminates the need for manual prep
- Available with foam or bristle brush

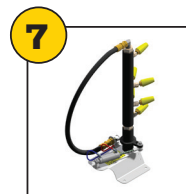

RS-400 LOW SIDE WASHER 30"

- Also available in 22" & 45" heights to accommodate every configuration
- Individually controlled side-cleaning pressure

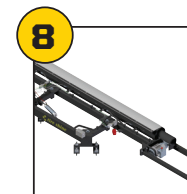

RS-701 WRAP AROUND BRUSH

- 6" overlap & double pass on rear of vehicles
- Exceptional cleaning
- leaves no rear 'skunk stripe'
- Performs at the highest of line speeds

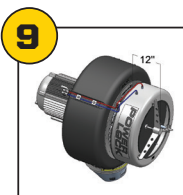

6 NOZZLE WHEEL BLASTER

- High pressure turbo nozzles blast away grime in hard to reach wheel wells
- Following-feature pivot action increases dwell time
- Saves space

GLOSS BOSS TIRE SHINER

- The best tire shiner in the industry with the longest life
- Precise application uses the lowest amount of tire shine and reduces messy sling
- Feather tipped brush never over-saturates

POWERLOCKS

- Reduces energy consumption by up to 30%
- Engages to delay or eliminate drying pick-up beds or soft tops

TECH 21 DRYING SYSTEM

- Laser focused column of air maximizes flow pattern
- Multiple nozzle offerings hit every inch of the vehicle surface
- Stainless steel reinforced housings for greater safety and less noise
